## ATHENS - MYKONOS - SANTORINI

### July & August 2022

8 Days / 7 Nights

**Athens** is the capital and the largest city in Greece. It dominates the Attica region and is one of the world's oldest cities, with its recorded history spanning over 3,400 years, with the earliest human presence starting somewhere between the 11th and 7th millennium BC. Athens got one of the most glorious histories in the world. A city worshipped by gods and people alike. The enchanting capital of Greece has been the birthplace of civilization. It is the city where democracy was born as well as most of the wise men of ancient times.

**Mykonos** is one of the most cosmopolitan destinations in Greece. It is a bright island with an intense nightlife, which attracts thousands of Greeks and foreign visitors every year. Favorite of the international jet-setters, Mykonos is offered for luxurious life and endless parties. The lively atmosphere of the island will fascinate you from the first moment, as well as the numerous enchanting beaches featuring all-day and night beach bars, restaurants and cafes!

**Santorini** has the only volcano caldera in the world where it is inhabited, this is the main reason for the millions of tourists who visit the island every year. Unlike other islands in Greece, cities and villages are built on the rocks of the Caldera and from a distance look like snow on very high mountain peaks. The colored layers of volcanic rock are spectacular in themselves: chocolate brown, rusty red, ochre yellow, white and cream. Approaching the island by boat one immediately understands that this island is unlike any other.
